PREFACE

We herewith present the second Africanist volume in the series of Special Session proceedings devoted to Berkeley's areal specializations.

There are a number of people to be thanked for their assistance at various stages. Above all, many thanks are due to Jeri Moxley for her participation in running the Special Session and getting it set up in the months beforehand. Larry Hyman was also of considerable help in numerous respects at all stages. Others to whom we express appreciation include Joyce Mathangwane, Josephat Rugemalira, Cheryl Zoll. Thanks also to the organizers of the General Session, Andy Dolbey, Susanne Gahl, and Chris Johnson, and to the participants at the Special Session.
